

PALMIRA MASTER

HOMEOWNERS ASSOCIATION

Pet Owners Safety Note

Alert for our pet owners. We live on the edge of wildlife areas. As we sometimes see, wildlife passes through our community.

Please don't be overly upset, but after dark or very early in morning we spot small game predators like Alligators, Coyotes, and Bobcats.

On Wednesday of this week, a Coyote was spotted at 10 pm at the corner of Giustino Way & Carino Terrance (close to the Matteotti View intersection).

Please be especially careful with your Fur Babies at night and early mornings.
